Dear all,

At this time of year when the impact factors have been released, we would like to take the opportunity to thank you for your hard work and dedication to *Archives of Women's Mental Health*.

As you may already have been informed, the 2011 impact factor is 2.057 (Thomson Reuters Journal Citation Reports® 2011), and for the last 3 years, *Archives of Women's Mental Health* has seen the following impact factor trend:

Year	Impact factor	Citations
2011	2.057	929
2010	1.813	833
2009	1.427	645

Of course, the impact factor is just one measure of the health of a journal. We recognize that the journal depends heavily on your enduring and invaluable commitment. Please accept our thanks once again.

Your Editors-in-Chief,
Meir Steiner and Claudio Soares
