The article “Resonance Raman spectroscopy of Fe–S proteins and their redox properties”, written by Smilja Todorovic, Miguel Teixeira was originally published electronically on the publisher’s internet portal (currently SpringerLink) without open access.

The copyright of the article changed on June, 8 to © The Author(s) 2018 and the article is forthwith distributed under the terms of the Creative Commons Attribution 4.0 International License (<http://creativecommons.org/licenses/by/4.0/>), which permits use, duplication, adaptation, distribution and reproduction in any medium or format, as long as you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons license and indicate if changes were made.

The original article has been corrected.

Moreover, the original version of this article unfortunately contained an error in Fig. 1. The correct Fig. 1 is given below.

Open Access This article is distributed under the terms of the Creative Commons Attribution 4.0 International License (<http://creativecommons.org/licenses/by/4.0/>), which permits unrestricted use, distribution, and reproduction in any medium, provided you give appropriate credit to the original author(s) and the source, provide a link to the Creative Commons license, and indicate if changes were made.
