<https://doi.org/10.1007/s00894-018-3598-7>

We would like to apologize for a wrong conclusion on the fourth page where the correlation of the Ru-P bond length and possible anticancer activity is discussed. As it follows also from the comparison of Figures 1b and 1c, the correct statement should be “the longer the Ru-P distance, the higher IC₅₀, i.e., the lower anticancer activity.”

The online version of the original article can be found at <https://doi.org/10.1007/s00894-018-3598-7>
