The article "Investigation of coating delamination on steels by surface topography and Volta potential difference", published in Journal of Solid State Electrochemistry 17 (2013) 1109–1115, DOI [10.1007/s10008-012-1972-4](https://doi.org/10.1007/s10008-012-1972-4), is retracted upon request of the authors, as the article had been simultaneously submitted to and published in another journal (Pan T, "Delamination of organic coating on carbon steel studied by scanning Kelvin probe force microscopy", Surface and Interface Analysis 45 (2013) 978–984, DOI [10.1002/sia.5194](https://doi.org/10.1002/sia.5194)).

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10008-012-1972-4>.
