ERRATUM

Erratum to: N₂-Fixing Red Alder Indirectly Accelerates Ecosystem Nitrogen Cycling

Steven S. Perakis,^{1*} Joselin J. Matkins,^{2,3} David E. Hibbs,²
and Manuela Huso^{1,2}

¹Present address: U.S. Geological Survey, Forest and Rangeland Ecosystem Science Center, 3200 SW Jefferson Way, Corvallis, Oregon 97331, USA; ²Department of Forest Ecosystems and Society, Oregon State University, Corvallis, Oregon 97331, USA; ³Teton Regional Land Trust, P.O. Box 247, Driggs, Idaho 83422, USA

ERRATUM TO: ECOSYSTEMS(2012) 15(7):1182–1193 DOI 10.1007/s10021-012-9579-2

We are writing concerning our omission of a co-author associated with our recent article:

Manuela Huso, who was not included as a co-author during the submission and revision stages of this work, made significant contributions to statistical aspects of this study that we believe merit co-authorship. These contributions involved: (1) assisting substantively with the overall statistical design, and (2) deriving an approach to numerical approximation of the area under the curve in a mass-loss function, which produced a single k-value from complex mass-loss patterns that allowed cross-species comparisons.

To correct this, we would like to add Manuela Huso as a coauthor on the study, and that we remove Manuela Huso from the Acknowledgements. Please record the following information for Manuela Huso:

- a. *Current address*: U.S. Geological Survey, Forest and Rangeland Ecosystem Science Center, 3200 SW Jefferson Way, Corvallis, Oregon 97331, USA
- b. *Address at the time of the study*: Department of Forest Ecosystems and Society, Oregon State University, Corvallis, Oregon 97331, USA

We apologize for this error.
