ERRATUM

Erratum to: Acute response test to adaptive servo-ventilation, a possible modality to assessing the reversibility of pulmonary vascular resistance

Erratum to: J Artif Organs DOI 10.1007/s10047-015-0833-1

In the original publication of the article, Table 1 was published incorrectly. The correct Table 1 should be as below:

Table 1 Hemodynamic measurements on first RHC, first RHC with 10 l oxygen and ASV, second RHC and third RHC after LVAD implantation

	First RHC			Second RHC (LVAD 1 month)	Third RHC (LVAD 5 months)
	(10 l O ₂)		(ASV)		
PCWP (mmHg)	23	28	29	7	10
PAP (mmHg)	65/30/45	52/28/36	52/29/36	38/19/26	32/15/22
CO (l/min)	3.71	3.49	3.25	3.85	5.00
CI (l/min/m ²)	2.01	1.90	1.76	2.25	2.94
PVR (Wood units)	5.93	2.29	2.15	4.92	2.40

RHC right heart catheterization, *LVAD* left ventricular assisted device, *ASV* adaptive servo-ventilation, *PCWP* pulmonary capillary wedge pressure, *PAP* pulmonary arterial pressure, *CO* cardiac output, *CI* cardiac index, *PVR* pulmonary vascular resistance
