This article was originally submitted as an Original Paper. After major revision, it was accepted as a Technical Note. Owing to an unfortunate oversight, the article category was not corrected before online publication. In the printed issue, the article therefore appeared in the Technical Notes section but with the wrong category indicated.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10346-010-0225-9>.
