Erratum to: Identifying landslide preconditions in Swedish quick clays—insights from integration of surface geophysical, core sample- and downhole property measurements

Erratum to: Landslides

DOI 10.1007/s10346-015-0633-y

The original version of this article, unfortunately, contained errors. Listed below are the necessary changes to the paper.

1. In the “Methodology” section, under “Field data acquisition and sampling” subsection

The texts:

(about 1 cm thickwall thickness)

Should be:

(about 1 cm wall thickness)

2. In the “Methodology” section, under “Laboratory measurements” subsection, and under item “6 X-ray powder diffraction”

The texts:

incident angle between 3° and $70^\circ 20$

Should be:

incident angle between 3° and $70^\circ 20'$

The texts:

$35^\circ 20$, with a step size of $0.02^\circ 20/s$

Should be:

$35^\circ 20'$, with a step size of $0.02^\circ 20'/s$
