Erratum to: J Public Health
DOI 10.1007/s10389-009-0254-9

The original version of this article unfortunately contained a mistake.

In chapter “Discussion” the 2nd last paragraph should begin with: “Regression analysis also revealed that BMI had a significant positive effect on blood pressures independent of age, MPCI, smoking and alcohol intake status.”

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10389-009-0254-9>.
