Erratum

EcoHealth, Vol. 3, No. 1, March 2006, pp. 35–40 (DOI: 10.1007/s10393-005-0012-6)

In the article “The Decline of the Sharp-Snouted Day Frog (*Taudactylus acutirostris*): The First Documented Case of Extinction by Infection in a Free-Ranging Wildlife Species?,” by Lisa M. Schloegel, Jean-Marc Hero, Lee Berger, Rick Speare, Keith McDonald, and Peter Daszak, Figure 2 was credited incorrectly.

The legend to the figure should have read:

Figure 2. A photograph of *T. acutirostris* from the last remnant population prior to the collection of chytridiomycosis-positive individuals. (Photograph by M. Cohen.)

The authors regret the error.
