Erratum

Feeding on micro-algae in the invasive Ponto-Caspian amphipod *Dikerogammarus villosus* (Sowinsky 1984)

Dirk Platvoet, Jaimie T.A. Dick, Nellie Konijnendijk and Gerard van der Velde

Aquatic Ecology
 DOI 10.1007/s10452-005-9028-9

Be advised that Figure 2 and Figure 3 do not show correct labeling on the y-axis. The correct figures are shown below.

Figure 2. Mean number (+SE) of micro algae remaining in containers after 7 days with, or without *D. villosus*.

Figure 3. Mean number (+SE) of algae ml⁻¹ of cardiac stomach samples from *D. villosus*.
