On the protologue of the description of the new species, we cited incorrectly the culture collections of the type strain, which may be confusing for the

validation and future citations of the type strain of this new species. They were correctly cited on the abstract of the article but not on the species description. On page 53, column 1, the end paragraph, lines 3–4, the type strain should be cited as CCM 7970^T (instead of CCM 7991^T) and IBRC-M 10445^T (instead of IBRC 10445^T).

The online version of the original article can be found under doi:[10.1007/s10482-013-9923-3](https://doi.org/10.1007/s10482-013-9923-3).
