Erratum to: Exp Appl Acarol DOI 10.1007/s10493-013-9656-z

Due to an unfortunate turn of events, a typographical error was introduced in the Abstract of the original publication. The percentage of product effectiveness of the extract from the trunk of *Strychnos pseudoquina* (Loganiaceae) was incorrectly displayed as 8.0 %.

The correct value is 48 % and should be treated as definitive by the reader.

The online version of the original article can be found under doi:[10.1007/s10493-013-9656-z](https://doi.org/10.1007/s10493-013-9656-z).
