Erratum to: Bull Earthquake Eng DOI 10.1007/s10518-011-9244-8

We found that one of the references in this paper is incorrect. More specifically,

George PM (2010) Effect of fault rupture characteristics on near-fault strong ground motions. Bull Seismol Soc Am 100(1):37–58

should be replaced by

Mavroeidis GP and Papageorgiou AS (2010) Effect of fault rupture characteristics on near-fault strong ground motions. Bull Seismol Soc Am 100(1):37–58

In addition, in the sixth paragraph of section 3.2 *Effects due to prolonged exposure to low temperatures*, “George (2010)” should be replaced by “Mavroeidis and Papageorgiou (2010)”.

The online version of the original article can be found under doi:[10.1007/s10518-011-9244-8](https://doi.org/10.1007/s10518-011-9244-8).
