Erratum to: Bull Earthquake Eng DOI 10.1007/s10518-013-9478-8

The paper in the subject contains the following imperfections:

1. In the abstract, four lines from the end, the text reads “relatively agreement”, while it should be “relatively poor agreement”. Two lines after, “recover” should be “recovery”.
2. Figure 11 has incorrect vertical axis marks; the figure with the correct numbers on the vertical axis is the one below. As a consequence of the mistake, in the conclusions section, “30 % of the customers” should be “20 % of the customers”.
