Correction to: Bull Earthquake Eng

<https://doi.org/10.1007/s10518-017-0278-4>

There are two inconsistencies in the paper which we hereby correct:

The y-axis label of Fig. 8 should preferably be “ $\tau_{0,s,l}$ ”.

The caption to Fig. 9 should read:

Fig. 9 Total τ_{mech} of CEA15 compared with the weighted standard deviation $\tau_{0,n}$ of the between-events residuals as explained in the text.

The original article can be found online at <https://doi.org/10.1007/s10518-017-0278-4>.
