Erratum to: BioControl (2014) 59:67–77
DOI 10.1007/s10526-013-9548-5

The perimeters listed in Table 6 of the original publication were incorrect. They should have read

770.3 ± 5.6 , 806.9 ± 4.7 , and $839.3 \pm 5.4 \mu\text{m}$ for *T. latifolia*, *A. franciscana* and *E. kuehniella*, resp. The erroneous values had no bearing on the final conclusions of the experiment.

The online version of the original article can be found under doi:[10.1007/s10526-013-9548-5](https://doi.org/10.1007/s10526-013-9548-5).
