Erratum to: Biodivers Conserv DOI 10.1007/s10531-014-0633-6

The author wishes to correct the following errors in the original publication of the article.

In the sentence in the Introduction, ‘Australia’s natural forest wood production has declined from 10.8 million m³ in 2000–2001 to 4.53 million m³ in 2010–2011 (ABARE 2013)’, the final figure and date should be 4.5 million m³ in 2011–2012, not 4.53 million m³ in 2010–2011.

Under Total global roundwood production: data sources and sensitivity analysis, the sentence ‘Totals for global industrial roundwood and fuelwood developed by the above methods were then combined to derive global total roundwood production for the period 1945–1912’, should end with the date 2012, not 1912.

In the legend of Fig. 2 the label for the first symbol should read ‘FAOSTAT 2014’, not ‘FAOStat 2012’.
