Dear Reader,

From 1996 until 2008 Ernst E van der Wall, MD, PhD has served as co-Editor-in-chief of the International Journal of Cardiovascular Imaging, and thereafter as Associate Editor for the Editorials. As of June 1, 2013 Prof. van der Wall will be stepping down and Nico RL van de Veire, MD, PhD has agreed to take over this position of Associate Editor for the Editorials. I would like to take the opportunity to thank Ernst for all his contributions over these many years.

In the very near future, we will launch a new approach for inviting Editorial Commentaries from members of the

Editorial Board, so that will take the necessary time from Nico. Therefore, I will also search for another Associate Editor for Echocardiography, who can take over the echo-activities of Nico.

Further news will follow in the next issues.

Sincerely,
Editor-in-chief

Conflict of interest None.
