The authors would like to correct the word “nanocomposite” in the title of the online published article. The correct title should read as “Highly transparent nanocomposite films based on polybutylmethacrylate and functionalized cellulose nanocrystals.”

Unfortunately, in Fig. 8, the symbol ° has been replaced with £. The correct version of the figure is provided in this erratum (Fig. 8).

The online version of the original article can be found under doi:[10.1007/s10570-013-9916-4](https://doi.org/10.1007/s10570-013-9916-4).
