Chromosome Research 2010, v 18(6) :711–755 published abstracts of 19th International Colloquium on animal cytogenetics and gene mapping. Regretfully, the list of the authors of P I-8 (P. 718) “Karyotypic polymorphism for translocation Rob (16;17) of wild Middle-Asian pigs (*Sus scrofa nigripes*) in Siberian miniature pigs Minisibs” is incorrect. It includes M.L. Kochneva, VA.. Trifonov, V. Bobovich, while it should be M.L. Kochneva, **V.N. Tikhonov**, V. Bobovich. The full text of the paper “Introduction of karyotype polymorphism ($2n=36; 37; 38$) into the genome of

domestic pigs *Sus scrofa domestica*” by Tikhonov V. N., Kochneva M.L., Bobovich V. has been published (in Russian with English summary) in The Herald of Vavilov Society of Geneticists and Breeders (2010) V. 14, No 4, P. 647–654. http://www.bionet.nsc.ru/vogis/pict_pdf/2010/14-4/7.pdf/

This proves a correct list of authors.

Sincerely yours,

Prof., Dr. Sc., Vilen N. Tikhonov, Research Leader of Institute of Cytology and Genetics, Russian Academy of Sciences, Dr.Sc. Kochneva M.L., Sc. Bobovich V.
