Erratum to: Viable Stabilising Non-Taylor Monetary Policies for an Open Economy

Jacek B. Krawczyk · Kunhong Kim

Published online: 23 October 2013
© Springer Science+Business Media New York 2013

Erratum to: Comput Econ DOI 10.1007/s10614-013-9360-4

Unfortunately in the original publication, the year of reference in the abstract for Krawczyk and Kim (Macroecon Dyn 13(1):46–80, 1999) has been incorrectly stated. The correct publication year should be 2009.

The corrected penultimate sentence in the abstract should read as “We also discuss the robustness of such policies to shocks and parameter uncertainty and observe that viability-based policies come from models, which do not require explicit weights on the variables of interest of a central bank.”

The online version of the original article can be found under doi:[10.1007/s10614-013-9360-4](https://doi.org/10.1007/s10614-013-9360-4).
