After publication of this article (Nauges and Strand, 2017) we have agreed that the name of Jon Strand should be removed because his contribution to the article was regarded by him as insufficient to warrant a listing as a co-author.

As indicated by Ethics Reporting, the authorship on the original article remains the same, and the authorship on the erratum is the new version.

The original article can be found online at <https://doi.org/10.1007/s10640-015-9938-5>.
