In the above-mentioned article, the given name and family name of the author has been published incorrectly in the online first publication. This is the correct version: the author's surname is Tan, the first name is Kelvin, and the middle name is Heng Kiat. The article should be cited as Tan, K.H.K. This will be rectified in the final published version.

In the second last paragraph on the 3rd page (above the Header “3 The problem of AfL being introduced a slogan”) is the sentence “Such a scenario reveals insights into how AfL implementation may result in unintended and *undesirable* (*undersirable?*) consequences.”

This sentence will be corrected in the final published version as “Such a scenario reveals insights into how AfL implementation may result in unintended and undesirable consequences.”

Our apologies for the errors.
