Shade induced changes in biomechanical petiole properties in the stoloniferous herb *Trifolium repens*

Heidrun Huber · Jan de Brouwer · Hannie de Caluwe ·
Jelmer Weijsschedé · Niels P. R. Anten

Published online: 6 December 2007
© Springer Science+Business Media B.V. 2007

Erratum to: *Evol Ecol* DOI 10.1007/s10682-007-9204-6

The name of the 4th author is misspelled (Weijsschedé instead of Wijschedé)

In the references section Weijsschedé et al 2008 should be Weijsschedé J, Antonise K, de Caluwe H, de Kroon H, Huber H (2008) The role of cell number and cell length on petiole length and shade-induced elongation in *Trifolium repens*. *Am J Bot* (in press).

The online version of the original article can be found under doi:[10.1007/s10682-007-9204-6](https://doi.org/10.1007/s10682-007-9204-6).
