Erratum to: Geom Dedicata (2010) 148:205–243
DOI 10.1007/s10711-009-9418-6

The original publication of the article has been published with an incorrect proof of Theorem 8.1 in [1]. Specifically, we know neither how to verify nor disprove the claim that the homeomorphism $J_1 : W \rightarrow W$ satisfies the dihedral relation.

Thus, we retract Theorem 8.1.

Consequently, the assertion that (3) implies (4) in Theorem 1.1 is unproven. The remaining implications in the proof of Theorem 1.1 hold. Theorems 1.2, 1.3, and 1.4 are independent of Theorem 8.1 and remain valid. In particular, the material in Sects. 2–7 holds (as well as Lemma 8.2).
