Erratum to: Surv Geophys DOI 10.1007/s10712-013-9265-8

On the first page of the original article one of the sentences reads:

In comparison, the total amount of water vapor in the atmosphere is small; it amounts to $\sim 2.5 \text{ kg/m}^2$, or the equivalent of 25 mm water for each column of air.

It should have read:

In comparison, the total amount of water vapor in the atmosphere is small; it amounts to $\sim 25 \text{ kg/m}^2$, or the equivalent of 25 mm water for each column of air.

Everything else in the paper remains correct.

The online version of the original article can be found under doi:[10.1007/s10712-013-9265-8](https://doi.org/10.1007/s10712-013-9265-8).
