Unfortunately, an error occurred in Eq. (65). The correct version is given here:

$$\dot{\omega}_{Yu} \simeq n \frac{\alpha}{4} e^{-a/\lambda} \cdot \left[\frac{1}{e} I_1 - \frac{a}{\lambda} \left(1 - \frac{e}{2} \right) I_0 - \frac{a}{2\lambda} (e - 1) I_1 \dots \right]$$
