Erratum to: *Hyperfine Interact* DOI 10.1007/s10751-009-9949-0

The authors and editor-in-chief would like to express their regrets that the method presented in the article in *Hyperfine Interactions*, volume 192:1–3 pp. 77–83 was originally presented in an article in *Physical Review B* (volume 78, paper 014411 (2008) DOI [10.1103/PhysRevB.78.014411](https://doi.org/10.1103/PhysRevB.78.014411)) together with its mathematical background. Therefore the references and more specific reference number three in the *Hyperfine Interactions* paper should read:
