ERRATUM

To the article "Spectral and Luminescent Characteristics of a Hexaphenyltetraazachlorin Zinc Complex," by M. V. Belkov, E. A. Makarova, P. P. Pershukovich, and K. N. Solovyov, Vol. 82, No. 2, pp. 188–192, May, 2015

On p. 191, in Table 1, instead of $\lambda(Q_x)$, $\lambda(Q_x)$, nm, it should read $\lambda(Q_x)$, $\lambda(Q_y)$, nm; and instead of ϕ_F , ns, it should read τ_F , ns.
