Dear Colleagues:

The issue at hand completes Volume 86, the second Volume of 2017. It is a double issue composed of only contributed papers. We plan on publishing as many accepted papers as possible during the rest of the year to clean the queue (although all papers appear online first). We are reviewing paper submission – accepted paper data to decide whether a page per issue increase is required. In the meantime, I would like to encourage you to submit your work in JINT, we will do everything possible to provide timely and well-justified decisions.

Enjoy the issue.
