Dear Colleagues:

We approach the end of the calendar year 2017. As such, we have scheduled to publish as many accepted papers as possible in the remaining issues. We respect and acknowledge your support and loyalty, and this is the least we can do for you. Do not forget that we want all accepted papers to appear in issues in less than one year after initial submission.

We also keep on trying to reduce the paper review cycle. We ask for your understanding when e-mails are sent to you and other reviewers as reminders to submit your reports. The same is true for all handling Editors. Reminders are also sent to them for the same reason.

We would like you to be active participants in JINT, so send us your opinion and feedback. We welcome your ideas – remember, this is your journal.

Enjoy the issue.
