Erratum to: J Clin Immunol
DOI 10.1007/s10875-010-9392-7
Volume 30 Issue 3 (May 2010)

The original version of this article unfortunately contained a mistake.

In the paper, the sentence “The microprocessor complex formed by Drosha/DGCR8 and other proteins recognizes the pri-miRNAs and processes them into” should be “The microprocessor complex formed by Drosha/DGCR8 and other proteins recognizes the pri-miRNAs and processes them into ~70nt long pre-miRNAs. The stem-loop shaped pre-miRNAs are exported through exportin 5 into the cytoplasm where they are processed by an enzyme called Dicer.”

The online version of the original article can be found at <http://dx.doi.org/10.1007/s10875-010-9392-7>.
