At the request of Dr. J. F. A. Traniello, his co-authorship is removed from this paper (Vol. 16, No. 5, Sept. 2003, pp. 703–715). This action is due to the fact that Dr. Traniello provided only a collegial review of an early draft of the manuscript to the senior author and does not feel his contribution justifies authorship.

The online version of the original article can be found at <http://dx.doi.org/10.1023/B:JOIR.0000007705.50488.57>.
