There is a misspelling of one of the author's names. The fourth author's last name should be "Ribeaud", instead of "Ribaud".

The following text should be added immediately after the end of the last paragraph of "Socio-psychological characteristics" section:

An additional item that rated whether the respondent was bullied was not included in this scale due to the overlap with the dependent variable (i.e., victimization). Therefore, we re-labeled the scale 'negative peer relations.'

Also, the authors would like to add an acknowledgment to the paper as follows:

Acknowledgments This research was supported by a Grant from the Swiss National Science Foundation, Grant Number IZK0Z1_150433/1.
