The original version of this article unfortunately contained mistakes. The unit mentioned for Critical current density

(J_C) should be read as MA/m² (mega ampere per metre square) instead of A/cm² and the magnitude of Flux pinning force density (F_p) should be multiplied with 10⁵ instead of 10³ wherever it is repeated in the manuscript including the figures and tables. This change in the unit of J_C and the magnitude of F_p will not affect any discussions in this paper.
