Due to a technical problem a number of typographical errors made it into the published version of this paper. A selection of those which may cause confusion are indicated here.

- p. 2, line 30, should read: "... as research in the eastern Mediterranean indicates ..."
- p. 3, Fig. 1 caption, third line, should include: "These rapidly expanding settlements may include recruitment from ..."
- p. 8, Fig. 5 caption, should read "... herbarium collections in Calcutta and Pune."
- p. 10, line 25, should read: "but the sequence needs to be re-dated along the lines indicated in Fig. 6" [not Fig. 5]
- p. 11, Fig. 7 caption, no (4) should read "Lal Qila" [not Quila].
- p. 12, last cited reference should be: Zohary, Tchernov and Horwitz, 1998.
- p. 20, line 21, should read "... although their domestication status or dating remains"
- p. 20, last two lines, should read: "... the clear antiquity of agriculture based on these crops"
- p. 22, line 29, should read: "... as indicated in Fig. 8" [not Fig. 7].
- p. 23, line 17, should read: "... *T. durum*/*T. turgidum*, which can also be"
- P. 26, citation "Legge & Harris, 1996" should be Legge, 1996.
- p. 30, line 20, the phrase "from collagen dates" should be omitted.
