This article has been retracted at the suggestion of journal Editors-in-Chief, Peter N. Golder and Joel H. Steckel. The article's authors unanimously requested retraction of Study 3 based on unexplained anomalies in the data and coding errors. As a result, the editors deem it appropriate to retract the entire article.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s11002-012-9215-0>.
