Issue 24(3) 2014 of *Minds and Machines* was a special issue containing a selection of papers presented at the 4th Workshop on the Philosophy of Information, edited by Luciano Floridi and Patrick Allo.

- **A Taxonomy of Errors for Information Systems,**
G. Primiero
- **The Logic of Knowledge and the Flow of Information,**
S. D'Alfonso
- **From Interface to Correspondence: Recovering Classical Representations in a Pragmatic Theory of Semantic Information,**
O. Vakarelov
- **Smooth Yet Discrete: Modeling Both Non-transitivity and the Smoothness of Graded Categories With Discrete Classification Rules,**
B. Baumgaertner

Details about the workshop may be found at <http://socphilinfo.org/workshops/wpi4>.

Special Issue papers published in volume 24, number 3, 2014, edited by Luciano Floridi and Patrick Allo.
