There is a major typographical error in the Title: the term 'lymhocytic' should be spelled 'lymphocytic'.

An issue was raised by a third party about the provenance of these data, and the attached new Fig. 3 will address this issue.

Fig. 3 Notch2 down-regulation by AS1 causes a decrease in bcl-2 and CD23 Expression. *Lane 1* shows 100 bp ladder and *lane 2* shows control without AS-ODN. **a–c** with *lanes 3–6* show respective effect of AS1, AS2, AS3 and AS4 on mRNAs of Notch2, bcl-2 and CD23, respectively. *Lane 7* shows effect of non-specific ODN (ASN) on the expression of Notch2, bcl2 and CD23
