The following article [$\text{Cu}_2\text{ZnSnSe}_4$ quantum dots with controllable size and quantum confinement effect, Journal of Nanoparticle Research, 2013, Volume 15,

article number 1947, DOI: [10.1007/s11051-013-1947-0](https://doi.org/10.1007/s11051-013-1947-0)], has been retracted at the request of the authors. The reason for this request is that the UV–Vis absorption results shown in Fig. 4 have been fabricated. The authors present their apologies to the readers and editors.

The online version of the original article that has been retracted can be found under doi:[10.1007/s11051-013-1947-0](https://doi.org/10.1007/s11051-013-1947-0).
