ERRATUM

To the article “Use of Terahertz Irradiation at the Frequencies of Nitric Oxide for Correction of the Antioxidant Properties of the Blood and Lipid Peroxidation in Stress,” by V. F. Kirichuk and A. A. Tsymbal, *Neuroscience and Behavioral Physiology*, Vol. 41, No. 5, pp. 495–499, June, 2011 (DOI: 10.1007/s11055-011-9443-4).

The policy of *Neuroscience and Behavioral Physiology* gives priority to the publication of new experimental findings and work that has not been published before. Given the similarity to the content of “Effects of Terahertz Irradiation at Nitric Oxide Frequencies on Intensity of Lipoperoxidation and Antioxidant Properties of the Blood under Stress Conditions” published earlier in *Bulletin of Experimental Biology and Medicine*, Vol. 148, No. 2, pp. 200–203, August, 2009 (DOI: 10.1007/s10517-009-0669-x), we regret publication of the above article.
