ERRATUM

To the article “Protective Effects of Troxerutin on β -Amyloid (1-42)-Induced Impairments of Spatial Learning and Memory in Rats,” by S. Babri, M. Amani, G. Mohaddes, A. Alihemmati, and H. Ebrahimi, Vol. 44, No. 5, pp. 387-393, November, 2012

Because of a technical misunderstanding, an unfortunate mistake was made in the paper. All of the words “ β 7 nicotinic acetylcholine receptors” and “ β 7nAChRs” should be replaced with “ α 7 nicotinic acetylcholine receptors” and “ α 7nAChRs,” respectively, throughout the “Discussion” section.
