The original publication has the following mistakes which we hereby correct:

- In Fig. 3 the “UAV routs” should be replaced by “UAV routes”.
- On page 1685 the sentence in the main text after the equations currently reads: “In the model, Eq. (1) minimizes the total number of missions for all UAV helicopters”
It should instead read:
“In the model, Eq. (1) minimizes the total flight time for all UAV helicopters”

The authors regret these errors and apologize for any inconvenience caused.
