Erratum to: Nonlinear Dyn
DOI 10.1007/s11071-008-9357-z

Headings in the second column of Table 7 were presented incorrectly. The correct presentation of Table 7 is given below.

Table 7 Magnetic moments of the nucleons (Am^2)

n	Nucleon	Calculated	Measured	Comment
65.00	Proton	1.4096×10^{-26}	1.4106×10^{-26}	Positive loop
65.00	Neutron	-1.4096×10^{-26}		Negative loop
63.33		4.4399×10^{-27}		Positive loop
	Sum	-9.656×10^{-27}	-9.662×10^{-27}
