Erratum to: *Plant Mol Biol* (2013) 81:447–460 DOI 10.1007/s11103-013-0015-6

An incorrect version of Fig. 1 was inadvertently used in the above-mentioned publication. In Fig. 1c, Isoform 1 and Isoform 2 were mislabeled and the labels should be

interchanged. In fact, Isoform 1 is the strongly staining middle band with a size of 482 bp and Isoform 2 is the faint top band with a size of 578 bp. This description of the labels is consistent with the description in the text and with published panels 1a and 1d. The authors apologize for the oversight.

The online version of the original article can be found under doi:[10.1007/s11103-013-0015-6](https://doi.org/10.1007/s11103-013-0015-6).
