Erratum to: Qual Life Res DOI 10.1007/s11136-012-0241-4

Unfortunately, the reference list and corresponding text numbers as included in the original publication contain several errors. These errors are listed below, and the correct numbers correspond with the entries in the list of References at the end of this erratum.

Another error in the original publication is the asterisk included in Table 2, which should have been removed.

The online version of the original article can be found under doi:[10.1007/s11136-012-0241-4](https://doi.org/10.1007/s11136-012-0241-4).

THE CORRECTIONS ONLY CONCERN THE NUMBERS; NOT THE TEXT!

- Page 2: right column: line 17 “used similar methods [15, 16]” should be “used similar methods [14, 17]”
- Page 2: right column: line 26 “inclusion in this study [15]” should be “inclusion in this study [14]”
- Page 2: right column: line 30 “foramen ovale [15]” should be “foramen ovale [14]”
- Page 2: right column: line 40 “registry for patients with CHD [17]” should be “registry for patient with CHD [18]”
- Page 2: right column: line 42 “or illiterate in Dutch [16]” should be “or illiterate in Dutch [17]”
- Page 3: left column: line 4 “[18]” should be “[19]”
- Page 3: left column: line 5 “(NYHA) classification [19]” should be “(NYHA) classification [20]”
- Page 3: left column: line 12 “of the ACC [18]” should be “of the ACC [19]”
- Page 3: left column: line 14 “NYHA classification [19]” should be “NYHA classification [21]”
- Page 3: left column: line 21 “in both patient samples [20]” should be “in both patient samples [22]”
- Page 3: left column: line 29 “TAAQOL-CHD algorithm [20]” should be TAAQOL-CHD algorithm [22]”
- Page 3: left column: line 52 “CHD [15]” should be “CHD [14]”
- Page 3: right column: line 4 “EVGFP rating [21]” should be “EVGFP rating [23]”
- Page 6: right column: last line “the most distressing ones [22, 23]” should be “the most distressing ones [24, 25]”
- Page 7: left column: last line “(the gold standard) [24]” should be “(the gold standard) [26]”
- Page 8: left column: [24] should be [26]
- Page 8: right column: [25, 26] should be [27, 28]
- Page 8: right column: [16, 27] should be [16, 29]
- Page 8: right column: [28–30] should be [30–32]
