ERRATUM

In A. I. Oksak “Quantization of stationary Gaussian random processes and their generalizations” (Vol. 173, No. 3, 1743–1775, 2012), the following corrections should be made:

1. Equation (8) on p. 1746 should be

$$B(x) = \frac{x}{2} \left(\coth \frac{x}{2} + 1 \right). \quad (8)$$

2. In line 9 of Sec. 3.2 on p. 1757, “sign-definite” should be “sign-indefinite.”

3. Equation 100 on p. 1764 should be

$$\chi_0 = \left\{ u \in \chi: \int \lambda^{-2} d\mu(\lambda|u, u) < +\infty \right\}. \quad (100)$$

Similarly, in the third and second lines from the bottom of p. 1764, “ $\int \lambda^{-2} d\mu(\lambda|u, u) d\lambda/2\pi$ ” should be “ $\int \lambda^{-2} d\mu(\lambda|u, u)$.”
