**Retraction to: Water Air Soil Pollut
DOI 10.1007/s11270-012-1432-x**

This article has been retracted following an investigation by the Editor-in-Chief of a complaint received against it. After consultation with the corresponding author, both the Editor in Chief and corresponding author have agreed that substantial portions of the text came from another paper without proper attribution. The article has therefore been retracted at the request of the Editor-in-Chief and corresponding author due to plagiarism.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s11270-012-1432-x>.
