Ecological Research (2004) 19:655-662

In this article, there were four errors, which are corrected as follows.

Page 655:

- Hideshige TODA should have been indicated as the corresponding author.
- The received date was incorrect. It should be 3 February 2003, not 2004.

Page 656: In the Materials and Methods section, two companies' names mistakenly appeared as manufactur-

ers of a mass spectrometer and an elemental analyzer. The manufacturer is Thermo Electron only.

Page 661: In the reference list, the journal name of the reference by Yoneyama and Sasakawa was incorrect. The correct reference reads as follows:

Yoneyama T. & Sasakawa H. (1994) Natural abundance of isotopes of carbon, nitrogen, oxygen, hydrogen, and sulfur in soils and plants: research progress after 1987. *Japanese Journal of Soil Science and Plant Nutrition* 65: 585–598 (in Japanese).
